

# California OES Weather Threat Briefing

Tuesday, April 28, 2020 9:00 AM PDT

 Day 1 (Tuesday): Temperatures warm again across much of the state. Biggest heat impacts focused on the Sacramento Valley and the southern desert areas.

## WEATHER KEY POINTS 04/28/20 - 05/04/20

#### **Tuesday-Thursday**

- · Temperatures warm again across much of the state
  - Hottest temperatures through the period will be across the southern desert areas with even warmer temperatures than earlier in the week
  - Sacramento Valley's warmest day will be Tuesday with near record temperatures possible
  - San Joaquin Valley's warmest day will be Wednesday with near record temperatures possible
  - Southern coastal areas will not be as warm as this past Friday and Saturday and thus significant heat impacts are not expected
- Light rain along the far northern coastal areas Wednesday and inland across far northern CA on Thursday. No significant impacts.

#### Friday-Sunday

- · Cooler temperatures across the state with only minor heat impacts in the inland and southern regions
- Rain and mountain snow returns to northern CA Saturday night and Sunday with no significant impacts

#### Monday

Dry conditions return to the state with warming temperatures
